

A BRAND NEW COURSE TO SUPPORT PEOPLE DURING THESE DIFFICULT TIMES

1. How to be unemployed and feel POWERFUL

Yes, it's a disastrous period and revenue has stopped / declined significantly for many businesses.

And your business can no longer pay for the staff / contractors you use.

So, you've either made them unemployed already or you're about to do so.

For those people, there's lots of fears, concerns, worries, frustrations and stresses as they no longer have the financial security they had a few weeks ago - it vanished from right underneath them. They are feeling very unsafe and uncertain.

It causes people to have serious mental health issues and this will lead to serious increases in self harm and abuse.

China has already seen a massive increase in people applying for divorce.

Mindset is everything during these difficult times. You're either going to sink or swim.

And so we've created a special 4 week course that teaches people how to be POWERFUL during these times and create opportunities for themselves.

We understand that cash is short during these periods and consider that this is a POWERFUL gift you can give to those people who have provided great value to your organisation - showing those people that you are 100% committed to them will come back 10 fold.

We have massively reduced our prices so we can provide our powerful NEW course when they are most needed - our small fees are affordable and digestible.

Outcomes:

- Understand why your stresses, anxiety, fears & frustrations take over you
- Know how to get to a place of calmness, freedom and full self expression
- Gain clarity on how to create opportunities and money
- Develop a position of being POWERFUL and responsible for the outcomes in your life.

Online: 1-2 lessons per week & 1 x 1.5hr Q&A session each week.
